Dear Technical University of Łódź, Faculty of Civil Engineering, Architecture and Environmental Engineering, Dear academic colleagues,

On behalf of Dr. Jamal Itani (The Mayor of Beirut), Mr. Jad Tabet (The President of the Order of Engineers and Architects - OEA-Beirut), Mr. Robert Plaga, Ph.D. (Minister of Education in the Czech Republic), and Mr. Karel Smejkal, Ph.D., Intl. Assoc. AIA, (President of INSPIRELI AWARDS):

We would like to invite your University and your students to participate in an international students competition INSPIRELI – WE HELP BEIRUT.

The idea:

The primary aim is to offer humanitarian aid to the city of Beirut affected by the devastating explosion in August 2020 destroying crucial parts of the city. Thus, in cooperation with the municipality of Beirut, we invite you to participate in a students’ architectural competition expected to close in February 2022.

Hence, we suggest that you consider implementing the topic “The renewal of the port of Beirut” into the list of annual projects at your University for the winter semester of 2021-2022.

We wish to actively involve all Universities in the world creating a truly global student community.

Credential letter for University management to be followed over here.

Should your University be favorable to collaborate with INSPIRELI – WE HELP BEIRUT, it would be an honor for us to welcome you among our Partner Universities.
